

# Privacy Policy

**Effective Date:** March 13, 2026

**Splash Software, LLC** ("we," "us," or "our") operates the **Signet** mobile application. This Privacy Policy explains our practices regarding the collection, use, and disclosure of information when you use our service.

---

## 1. Information Collection and Use

We prioritize your privacy and minimize data collection.

- **Personal Data:** We do **not** collect, store, or share any personally identifiable information (such as your name, email address, or contact details).
- **Crash Data:** We collect anonymized crash reports and technical diagnostic data. This information is used solely to identify bugs and improve the stability of Signet. This data cannot be used to identify you personally.

## 2. In-App Purchases

Signet offers a one-time, non-consumable in-app purchase to permanently remove advertisements. All financial transactions are processed securely through the **Apple App Store**. Splash Software, LLC does not have access to your credit card information or billing details.

## 3. Third-Party Advertising

The free version of Signet displays advertisements. Third-party ad providers may use anonymous identifiers to serve ads. You can opt-out of personalized tracking through your device's system settings or remove ads entirely via the in-app purchase.

## 4. Data Security

Since we do not collect personal data, we do not maintain a database of user information. Anonymized technical data is used strictly for maintenance and app performance analysis.

## 5. Changes to This Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Effective Date" at the top.

## 6. Contact Us

If you have any questions about this Privacy Policy, please contact Splash Software, LLC at
